# LOGIN PPE MANAGER

The screenshot shows the Würth online shop interface. At the top, there are navigation links: Online-Shop, Services, Unternehmen, Niederlassungen, Karriere, and Kontakt. On the right, there is a user profile section labeled "Mein Würth" with a user icon. The profile information includes the name "is!!! Nutzer", a blurred customer number, a blurred partner number, and a list of menu items: Bestellungen, Bestellvorlagen, Häufig bestellt, Favoritenliste, Mein Konto, **Anwendungen** (highlighted), Funktionen, and Abmelden. The main content area displays "Ihr Aussendienstmitarbeiter" with a photo of a person holding a power drill, the text "FAKTURA SONSTIGE", and contact information for Künzelsau, including a phone number (+49 7940 15-1000) and an email address (nl.kuenzelsau@wuerth.com). A speech bubble overlay on the left side of the screenshot contains the text: "Successfully logged in? Open 'My Würth' and go to 'Applications'." with a thumbs-up emoji.

## ANWENDUNG PSA-MANAGEMENT

**Der konsequente Einsatz geeigneter Persönlicher Schutzausrüstung (PSA) im beruflichen Alltag ist von elementarer Bedeutung.**

Insbesondere Hände und Haut, aber auch die Augen, Atemwege und das Gehör sind täglich unzähligen Gefahren ausgesetzt.

Mit dem PSA-Manager wollen wir Unterstützung bieten, konsequente und bedarfsgerechte Lösungen im Bereich der Persönlichen Schutzausrüstung zu erarbeiten.

- Erstellung von individuellen, auf den Betrieb angepassten Handschuh-, Hautschutz-, Augenschutz-, Atemschutz-, Gehörschutz- und PSA-Gesamtplänen
- Unterstützung bei der Auswahl geeigneter PSA
- Konsequente, systematische Auswahl geeigneter Chemikalienschutzhandschuhe zu den chemisch-technischen Produkten von Würth

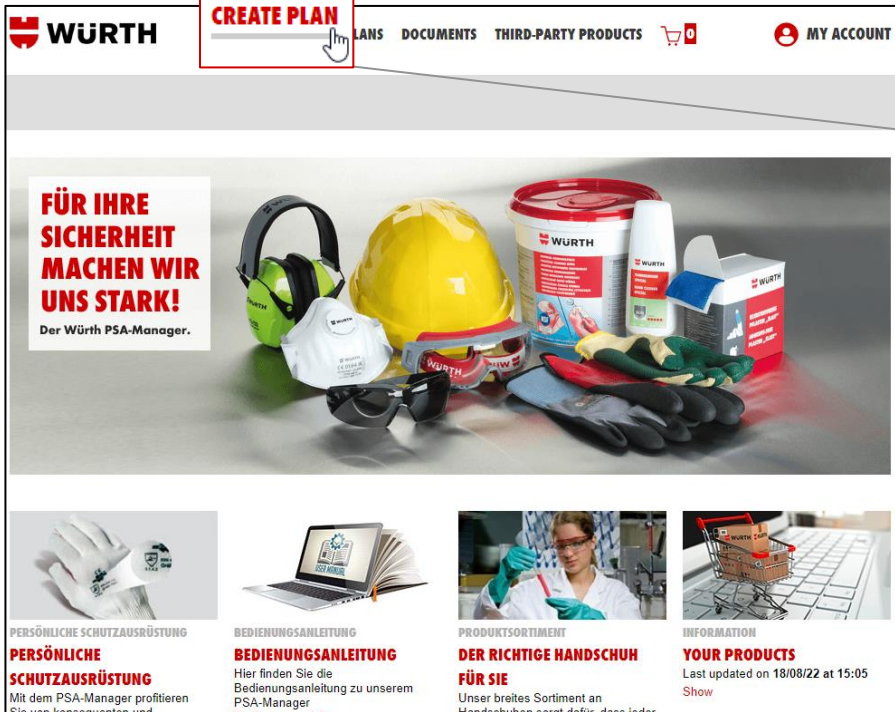

### Bedienungsanleitung

In der **PSA-Manager Bedienungsanleitung** erhalten Sie einen Überblick, wie man selbstständig verschiedene PSA-Pläne erstellt.

# CREATE A PLAN – Discover

## You can choose from six PPE areas.

In these areas, you create your individual PPE plans. Under **“Overall protection”**, you create a PPE plan from **various products** such as skin cleaning, fall protection, gloves, helmets, etc.

[CREATE PLAN](#)
[PLANS](#)
[DOCUMENTS](#)
[THIRD-PARTY PRODUCTS](#)

Under **“Your Würth products”**, you can have the PPE products purchased in the past 12 months displayed, updated and included in the plan.

- ▶ [Hand protection](#)
- ▶ [Skin protection](#)
- ▶ [Ear protection](#)
- ▶ [Eye protection](#)
- ▶ [Breathing protection](#)
- ▶ [Overall protection](#)

- ▶ [Maintenance & service plan Within production](#)
- ▶ [Maintenance & service plan Outside of production](#)

Depending on your needs, you can create your maintenance- and service plans here.

## HAND PROTECTION

[Load my plan](#)
[Load template](#)
[Create new plan](#)

Article number

Size

Product description

The plan does not yet contain any articles. Use the search function to add articles to the plan.

## UNDER “SEARCH” YOU CAN ADD THE DESIRED PRODUCTS (ARTICLE NUMBER OR DESCRIPTION) TO THE PLAN.

Articles that are not displayed can then be created under third-party products. Instructions for creating third-party products will be provided on the following slides.

# CREATE A PLAN - Instructions

## It is this easy:

1. Select the **area** for which you want to create a plan (for example, hand protection for a glove plan) on the left side.
2. Create your individual plan by entering the desired article numbers or descriptions in the **search bar** (e.g. 0899407208).
3. If necessary, you can adjust the given **text contents** **according to your needs** (work area, application, description). You can add **further input fields** at the bottom left, if the existing fields are not enough.
4. If necessary, you can **save** the plan and continue editing later. The **"Planning order"** function brings you to finalization.

<input type="checkbox"/>	0899420 0899420100	10 11	Blue nitrile glove	 <input type="button" value="Pos: 1"/>

[More details](#)

Working area:

Application:

For medium to heavy mechanical stress.  
For metalworking, material processing, construction and road building, waste disposal and removal.

Description:

- Nitrile coating on a heavy cotton jersey lining
- Breathable thanks to open backs of hands
- Very comfortable
- Liquid and oil repellent with good chemical resistance
- Good abrasion resistance

# CREATE A PLAN - Instructions

## For finalization:

- Specify the **required information** for the plan (formats, content, number of items per page).
- Determine whether or not to have a **company logo** on it. The logo should be a jpg, jpeg, or png file with a resolution of 200 x 200. (max. 3 MB)

A **responsible person** must always be entered!

With the **“Show a preview of the plan”** feature, you can check everything again.

## HOW TO INSPECT PERSONAL PROTECTIVE EQUIPMENT AGAINST FALLING (PPEAF) PROPERLY - VISUAL INSPECTION OF APPEARANCE

Especially with PPEAF it is important that all parts are in perfect condition. During the prescribed visual inspection of the components before use, you must pay particular attention to the following defects, because the

 <p><b>1</b> Damage to straps or seams on belts and cables</p>	 <p><b>2</b> Heavy thermal loading, traces of melting, burnable weld beads</p>	 <p><b>3</b> Deformed or corroded fittings, or such that are not functional anymore or were subject to a fall</p>
 <p><b>4</b> High degree of contamination or</p>	 <p><b>5</b> High exposure to UV radiation</p>	 <p><b>6</b> Illegible type label</p>

- Overall protection article
- Schmierstoffartikel

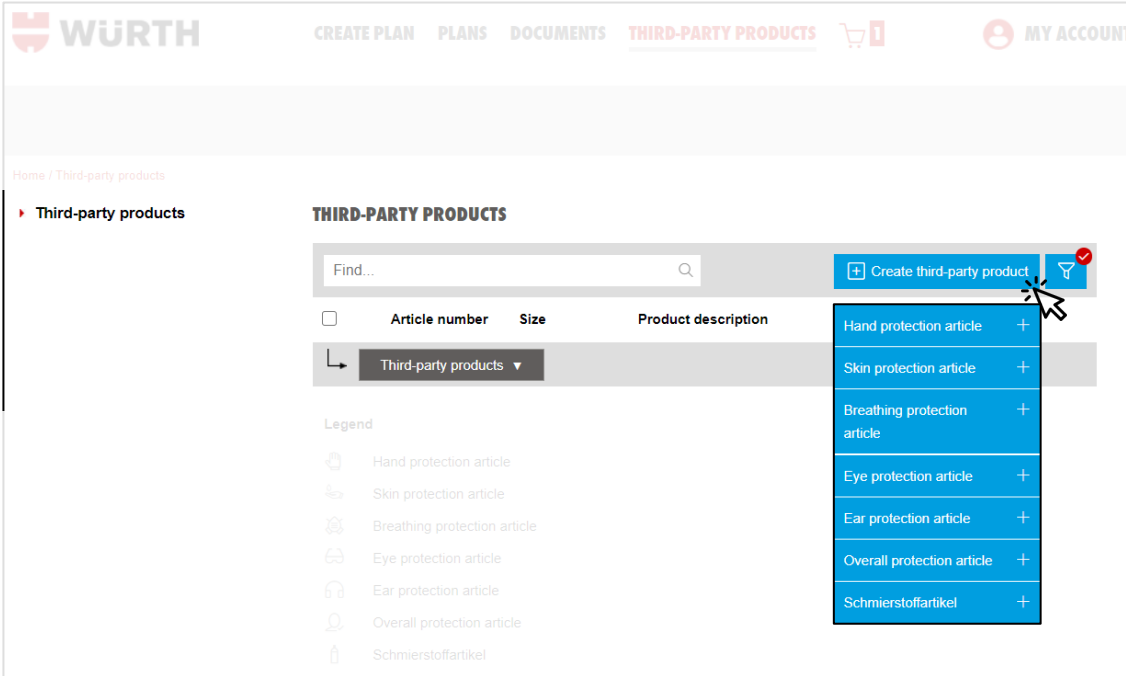

## SECURITY ALWAYS COMES FIRST!

Regardless of whether they are Würth products or not, you can still create PPE plans individually and easily and **add third-party products**.

Here you can also create Würth articles that are not in the standard range at 'Third-party products' and add them to the plan.

-  Overall protection article
-  Schmierstoffartikel

## IT IS THIS EASY:

1. Click on **“Create a third-party product”**
2. Select from the **PPE areas**, for which plan you want to create a third-party product.
3. Fill in the fields as you like (see next slide)
- 4. Don't forget to save the entry!**
5. The created third-party product is now displayed in the overview.

Set a **check mark** and **include** this article directly in the **desired plan**.

### ADDITIONAL SUPPORT:

**Make your search easier with just one click**, as there is again a **filter function**. It provides you with an overview of all third-party products related to the respective PPE areas that you have created so far.

There is also the possibility to **edit** or **delete** the third-party product afterwards.
